Although we all share the same 10 basic urges represented by the planets... the way we experience them, and the path we take to fulfil them is very different for each of us. This is determined by what sign the planet is sitting in.

The signs define the mood or tone for the planet. Think of them as the filter that characterises your experience of the planet or “urge”.

ARIES – Independent, Uninhibited, Charming, Protector, Impatient, Unfiltered, Innovative, Fierce

TAURUS – Patient, Loyal, Sensual, Productive, Determined, Consistent, Strong-minded

GEMINI – Creative, Intellectual, Heady, Curious, Flighty, Ability to see both sides, Quick-witted

CANCER – Nurturing, Empathic, Emotional, Flowing, Biz Savvy, Loyal, Intuitive, Vulnerable

LEO – Loving, Domineering, Potent, Self-Expressed, Effervescent, Flamboyant, here to be seen

VIRGO – Efficient, Purification, Productive, Detail Oriented, Thoughtful, Earth Goddess

LIBRA – Aesthetic, Seeks Balance, Cooperative, Indecisive, Learning through extremes, Co-dependence

SCORPIO – Powerful, Passionate, Discriminate, Intuitive, Deep, Transformative, Protective

SAGITTARIUS – Optimistic, Truth Seeking, Open Minded, Intense, Focused, Dichotomous

CAPRICORN – Loyal, Focused, Mature, Spiritual, Success driven, Integrity, Disciplined, Committed, Ambitious

CARDINAL MUTABLE FIXED

“A plan can be sparked by a cardinal sign, built by a fixed sign, then perfected with the critical eye of a mutable sign.”

Cardinal Signs: Aries, Cancer, Libra, Capricorn. These signs start every season. Therefore, they are the leaders and “idea people” of the zodiac. These signs crave originality and like to be trendsetters in everything they do. They’re the pioneers, the ones who get the party started and they are the hype babes of their friend group. You can rely on them to initiate a fabulous plan.

Fixed Signs: Taurus, Leo, Scorpio, Aquarius. These signs fall in the middle of every season. They create stability for those around them. After the cardinals set the goal, the fixed babes get to work & start building. Fixed signs take the enthusiastic ideas that cardinal signs spark, and craft them into something real. They pick up the ball when the cardinal sign passes it, and run the distance to the goal. Fixed signs are the trustworthy types who like “to-do” lists and fancy titles. If a cardinal sign says, “Let’s go on a holiday!” the fixed sign will call the travel agency, book the tickets and hotel, and send everyone a list of what to pack.

Mutable Signs: Gemini, Virgo, Sagittarius, Pisces. These signs end every season and have learned the lessons of the seasons before. Mutables innately understand that all good things come to an end, and that they are born to prepare everyone around them for the changes in life. Mutable signs are the flexible babes of the zodiac. More flowy & chill with change than other signs, they can “chameleon” themselves to fit into a variety of situations. Mutables have the ability to edit, they’re the ones of the zodiac with that extra bit of flair that always adds the perfect extra touch.
